Let's Become Human Again

In-Person

Social media apps and mobile advancements have changed the scene of human communication dramatically. Are human interactions going to continue to be affected by this? We live in a very interconnected age, and yet we are frequently more disconnected from each other.

Τι θα μάθετε

You will learn the necessary tools for improving your professional and personal life by limiting your screens, learning how to engage your colleagues, and being a better communicator.

Γιατί θέλετε να το μάθετε

Some startling employee engagement statistics revealed in this study showed that only 29% of the workforce is engaged, 45% is not engaged, and 26% is actively disengaged. -Dale Carnegie and MSW Research Proper use of technology could strengthen efficiency for your business, but it could also be the link to less human interaction. Technology can take away the ability to use human skills and abilities, such as building relationships, being empathetic, listening, and engaging with groups.

Πως θα σας βοηθήσει

It doesn't matter what you call it. Whether you call it the information age, digital age or knowledge age, a handshake is still the most important connection in business today. This means that our people are the biggest asset and competitive edge in an ever-tightening marketplace.
