

Leadership Training

WORKSHOP: Moving Up the Ladder: Developing the Skills of Leadership

In-Person

Understanding where a person needs to focus their efforts on improvement, so they can be in a better position to move up the ladder.

What you'll learn

You will understand the importance of skills and attitudes in career success. You will explore 14 key leadership competencies for success and find out how focusing on these competencies can transform your performance, so you are viewed as a stronger leader.

Why you want to learn it

You are talented, a hard worker and eager to explore ways to help you advance professionally. You want to understand where to focus your effort on improvement so you can jumpstart your career success and prepare for a promotion.

How it will help you

In today's work force being technically knowledgeable in your field isn't enough. If a person wants to move up the ladder and be seen as a valuable contributor, they need to have an ability to communicate ideas and be a leader. You will discover the factors that can contribute to your leadership presence.
