Overcoming Workplace Negativity

In aula

Negative attitudes are infectious and should be replaced by their equally infectious positive, enthusiastic counterpart.

Che cosa imparerai

This workshop shows you how to use Dale Carnegie's proven methods to prevent the naysayers, whiners and ne'er-do-wells from robbing you and your group of the positive energy necessary to succeed. You'll learn specific techniques for dealing with that burned-out feeling so that you can lead with confidence and enthusiasm. Take a positive step toward success right now.

Perché vuoi impararlo

You will analyze types and sources of negativity that will enable you to gain cooperation from negative people. You'll learn to disagree agreeably. But most importantly, by focusing on your ability to turn problems into opportunities, you'll learn to build trust and strengthen your relationships.

In che modo ti aiuterà

Negativity has no place in any environment, least of all the workplace. By taking a positive approach to all of your professional endeavors, you'll notice a decided increase in your own productivity, but also in the productivity of those around you. Enthusiasm is contagious, and everyone should catch it!
