

Leadership Training

# Coaching and Feedback

정규과정

Today, more than ever, a leader's job is to build people. When a team leader creates an environment where more people get results, develop new skills, and become successful, that leader is fulfilling their highest calling: building and developing others.

## 교육 내용

Learning tools to gain cooperation, listening and responding effectively, giving difficult feedback, and influencing others to your way of thinking.

## 교육 목적

Coaching and Feedback will help you create a sense of direction, build a common purpose, and find ways to motivate and challenge their team.

## 교육 효과
