

Leadership Training

Harassment Prevention for Supervisors

정규과정

Protect your organization, create a positive culture, and develop strong teams.

교육 내용

This interactive training includes real-world scenarios and tools to understand what are- and are not- harassing behaviors. A pre- and post-test checks for understanding.

교육 목적

This is important for your organizations to be compliant with the law. In addition, by getting your employees trained, you are creating a safe environment in your workplace, encouraging all to thrive and contribute.

교육 효과

By sending your employees to the harassment prevention training you are fulfilling the requirement by law. You are also developing a positive culture, which will result in strong and engaged teams.
