Agility: The New Competitive Divide

Танхим

This Business Briefing presents Dale Carnegie's latest research examining organizational competencies that support agility, which we discuss specifically in the context of the massive changes that are anticipated from the implementation of AI.

Суралцах зүйлс

We provide a framework for leaders, addressing important considerations for those who want to approach building agility within their organization in a focused, deliberate way.

Яагаад хэрэгтэй вэ

Having a culture that seeks out new information and embraces continuous change in a collaborative way to drive innovation promises to be the new competitive advantage. According to a recent Forbes Insights survey of more than 1,000 C-level executives, 81% of executives consider agility to be the most important characteristic of a successful organization.

Гарах үр дүн

Understanding what it takes to build agility, as well as employees' current attitudes toward and expectations of AI, can provide important insights for business leaders undertaking their own agility transformations and a clear focus for their agility-enhancing efforts.
