## သင်ဘာကြောင့် ဤသည်ကိုသင်ယူချင်ရသည်

Leadership is about working through/with others – in trusting and dynamic relationships that inspire, engage and align efforts – to realize desired organizational outcomes. Top performing organizations know that effective leadership is not a luxury; it is essential to their success. To be truly effective, leaders must embrace, model, and apply the behaviors that lead to the type of outcomes that drive results.
