Free Seminar - The Building Blocks of Agility and Resilience

Szkolenie In-Person

How do we enable our people and organisations to think faster, move faster and be resilient in uncertain times? AGILITY is a key challenge for many organisations due to the disruption caused by rapid and frequent change.

Czego się nauczysz?

Today organisations need to gather and act on information, make decisions quickly and implement them to meet the rapidly-evolving requirements of customers and the business environment. The ability to do so is becoming increasingly important in this era of digital transformation and advances in Artificial Intelligence (AI). We provide a framework for leaders, addressing important considerations for those who want to approach building agility within their organisation in a focused, deliberate way

Dlaczego chcesz się tego nauczyć?

Having a culture that seeks out new information and embraces continuous change in a collaborative way to drive innovation promises to be the new competitive advantage. According to a recent Forbes Insights survey of more than 1,000 C-level executives, 81% of executives consider agility to be the most important characteristic of a successful organisation.

Jak ci to pomoże?

Understanding what it takes to build agility, as well as employees' current attitudes toward and expectations of AI, can provide important insights for business leaders undertaking their own agility transformations and a clear focus for their agility-enhancing efforts.
