# Communication Skills for Managers

□□□□

This seminar will give you the ability to engage your team with active communication that can enhance relationships and create a cohesive team.

□□□□

1. Respond to difficult situations in a confident, diplomatic, and tactful way 2. Energize your communication and motivate people to action 3. Apply techniques to build stronger relationships and gain cooperation

□□□□□□□□

Leading a team today requires you to communicate effectively across all generations and a variety of cultures. This seminar will give you tools to honestly and effectively communicate your thoughts and opinions without arousing resentment or creating conflict.

□□□□□□

Communication skills are critical to lead a team in today's fast paced and complex world. This seminar is the next step in developing the skills needed to succeed in your career.
