Discussion with like minded people

□□□□

Renew your vision Understand how the principles are still relevant Discuss  
your current challenges and how to overcome them

□□□□

Think back to when you completed the program with Dale Carnegie Training. You'll likely feel that you enhanced your business and life skills, and that the program provided you with useful techniques and ideas. As we continue in our careers, the challenges and workplace pressures change and often increase. Sometimes we need to be reminded of core principles we already know, to help us with these new challenges.
